

Wind Sock

The newsletter of the Lake City Radio Control Club (LCRC)
Issue #030, November 27, 2011 AMA Club Charter #3948
lakecityrc.com

The next Club meeting is Sunday, December 4, 2P.M. at the field.

EDITORIAL: “Something to ponder.” Bob Wheeler

Flying at the field has been on-and-off depending on the winds and the weather. Lately, Charlie and Terry have been going out around noon and staying the afternoon finding late afternoon enjoyable weather. There is not a “favorite” day yet so it’s not a given you will find them there. Several members go on weekdays like Wednesday and Thursdays but work on weekends. Several like Saturday because they work all week.

I think it would be nice if there was a central way to let others know when you are going to the field. Not everyone reads their email in a timely fashion for it to work. I can make a page on the website that allows members to post messages but then again some never would check there.

Any ideas??

Meeting Minutes for November 6, 2011

Meeting called to order at 2:30 by V.P. Charlie Artley. The President was not present.

Members present: (1) Charles Artley (2) Mark Witt (3) Bob Wheeler (4) Curtis McCallister (5) Dan Beardsley (6) Jim Fletcher (7) Terry McGee (8) Visitor-Mark Johnson. (Joined)

The minutes from the Oct. 2 meeting were read and no changes made. Motion to approve by Mark Witt, seconded by Terry McGee. Approved.

Treasurer’s report by Mark Witt: Account total was \$555.63. Mark has all the moneys from membership dues collected today. These are to be deposited and added to the account. Motion to approve by Jim Fletcher, Seconded by Terry McGee. Approved.

Old Business:

Mower status: The ZTR mower seems to have a bad battery. It has to be jump started each time. After a discussion, it was agreed to wait until spring to buy a new battery because it won’t be used much during the non-growing months.

Fun Fly: It was decided to wait until the beginning of next year in the Jan.- Feb. time frame to have the club fun fly.

Field Improvements: Bob Wheeler and Terry McGee will finish up the fence in front of the shelter. Our thanks to Terry McGee for ordering a new wind sock and putting it up.

New business:

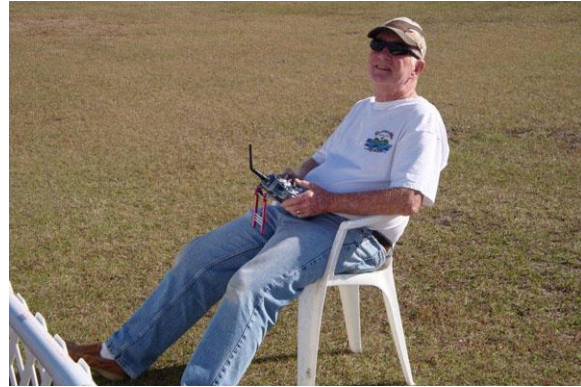

Mark Johnson joined as a new member. Larry Moore and Peter Francis are also new members who joined in the last month.

No more business and motion to adjourn was made by Charlie Artley and seconded by Terry McGee. Submitted by Bob Wheeler, LCRC Secretary.

Where is the cup holder on this chair?**

Charlie flying a "Stick"

Items For Sale: David Collins and his wife visited our field recently. They have just moved to Florida (Mayo) from Texas where they were active in a large club. David sent me this email for anyone interested:
"Hey Bob

Dave Collins here, when my wife and I were out at the field I mentioned I was getting rid of my ARFs and only keeping my scratch built models. I thought you might want to pass this along to the club members before I put them for sale online. I have more planes in Texas and I will let you know when they get here.

Hyperion Stuka, receiver ready and it has an external bec, all wood and very high quality. 55" wingspan \$200.00

Airfield EPO P-47 receiver ready with external bec. 55" wingspan \$200.00

Both are very good flying airplanes but I have limited room in the new house so something has to go and I can't bear selling my scratch built models.

Dave

386-848-0760"

Funny Modeling Definitions:

Skid Protector: Another word for a spinner.

Snap Roll: After a nice high G roll, something snaps, usually the wing.

Spinner: A critical part of the landing gear.

Tail-dragger: An RC pilot that has just spent the last hour looking for his airplane

in the woods.

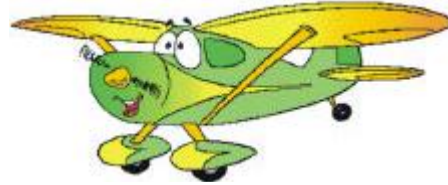

Thermal: A mythical occurrence of rising air.

Tree: Implement used to separate wings from fuselage.

P51 Mustang: What beginners use to learn to fly.

Club Officers:

President- James Grimsley (386.438.8813)
Vice President- Charles Artley (386.466.1814)
Treasurer- Mark Witt (386.623.5500)
Secretary- Bob Wheeler (386.776.2969)
Field Marshal- Dan Beard (386.719.6563)

**We wish you and your families a happy
holiday season and look forward to happy
flying in the New Year!** LCRC Officers
