

The Wind Sock

The newsletter of the Lake City Radio Control Club (LCRC)
Issue #044 February, 2013 AMA Club Charter #3948
lakecityrc.com

The next Club meeting is Sunday, February 3, 2P.M. at the field.

The meeting will be over in plenty of time to see the Super Bowl!!

Dues:

A big thank you to all who renewed your club dues for 2013!

Club News:

Meeting Minutes for January 6, 2012

The meeting was called to order by club President Charles Artley at 2:15.

The minutes for the December meeting were read by Secretary Bob Wheeler and there were no changes.

Mark Witt gave the treasurer's report and indicated there was \$xxxx in the club treasury

Old Business:

1. There was a discussion on starter bench repairs and modifications. Some suggestions are to change out the tops, shorten the legs, and maybe attach wheels. Charley volunteered to make a prototype with the ability to accommodate larger planes.
2. Solar charge failure- Motion was made to buy a new system instead of trying to guess what was wrong with the present one. Motion was made by Curtis McCallister, 2nd by Norman Green. Curtis will purchase it in Gainesville.
3. Terry will put chains in concrete to secure the mowers.

New Business:

There was a suggestion that we have a fun fly. No date was set but we will talk about a specific date at the next meeting. Maybe it could be in the April/May timeframe. It was suggested to be a low key event with our club members and maybe invite the Shade tree club.

Terry McGee made a motion to close the meeting, Norman Green 2nd the motion.

The President closed the meeting and all went flying!

Special reminder: March 1st and 2nd is the Southeastern Model show in Perry, Georgia. For those of you that have not gone to this, it is a HUGE show! See the back of the AMA magazine for details (under March events).

Charlie and his Katana B.C. (Before crash!)

Curtis with his Sbach

Curtis buddy boxing his Father

Dan Beard and his biplane

Curtis and Norman installing the new solar panels
